S&P 500 Companies by Market Cap

The S&P 500, a leading benchmark of U.S. stock market performance, comprises the majority of America's largest companies, representing 70% to 80% of the total U.S. stock market capitalization. Globally recognized, it serves as a primary benchmark for stock portfolio performance. Achieving returns that outperform the S&P 500 is the ultimate objective for portfolio managers, hedge funds, and private investors worldwide.
